CIVIL ACTION NO. 2:18-CV-00501-JRG-RSP

ORDER

Before the Court is the Claim Construction Memorandum and Order (hereinafter “Order”) of Magistrate Judge Payne dated February 4, 2020. (Dkt. No. 177.) This Order determined that the phrase “[means] for encoding these labels in a random order” is governed by 35 U.S.C. § 112, ¶ 6 and that no corresponding structure was present, making the phrase indefinite. (Dkt. No. 177 at 22.) Now, both Defendant Google LLC (“Google”) Plaintiff Uniloc 2017 LLC (“Uniloc”) have filed Objections to the Order. (Dkt. No. 188; Dkt. No. 194-1.)

After considering the reasoning provided in the Order, the underlying claim construction briefing, the Parties’ Objections, and any responses to those Objections, the Court agrees with the conclusions reached within the Order and finds the arguments within the Objections to be unpersuasive. Accordingly, the Court **OVERRULES** both Uniloc’s and Google’s Objections and **ADOPTS** the Order.

So ORDERED and SIGNED this 25th day of March, 2020.

UNITED STATES DISTRICT JUDGE
